

How do visitors interact or participate with the Linda Ulland Memorial Gardens? FREE to the public, the gardens draw in visitors with colorful, climbable, walk-thru representational gardens including photo-op stops in natural settings, audio learning boxes, outdoor leaf patio under the pines and indoor learning center with Paul Bunyan exhibit.

Recognize or honor family, friend – even your business!

Purchase engraved pavers as a permanent memorial to be placed into garden walkways. (Order form attached)

Long-range planning?

Funding is still needed to pay for garden work already completed and develop the Learning Center as a final portion of this project (undetermined timeline).

Volunteers still needed for seasonal garden weeding and maintenance.
